- Introduction

To create an introduction for your portfolio profile using HTML and CSS, you'll want to start with the structure of your webpage using HTML and then style it using CSS. Here's a basic example of how you can create an introduction section.

- Code for html and css file

```
• <!DOCTYPE html>
• <html>
• <head>
•   <link rel="stylesheet" href="style.css">
• </head>
• <body>
•   <header>
•     <nav>
•       <center> <div id="portfolio" style="font-size: xx-
large;">Portfolio</div></center>
•       <ul>
•         <li><a href="#">Home</a></li>
•         <li><a href="#">About</a></li>
•         <li><a href="#">Projects</a></li>
•       </ul>
•     </nav>
•   </header>
•   <div class="profile">
•     <section id="left-side">
•       <div id="personal-info">
•         <center><h1>ANUSRI</h1></center>
•       </div>
•       <br>
•       <div id="contact-info">
•         <h2>Contact Info</h4>
•         <h3>Name: Anusri</p>
